

A Brief Description of the Options for A&WMA ACE Presentation Formats

Manuscript – This is a full paper that details all information on the topic to be presented as part of a platform or poster session; usually 10-16 pages in length. This will receive a technical review.

Extended Abstract – This summarizes the topic to be presented as part of a platform or poster session; typically four to six pages. This will receive a technical review.

Slide Presentation Only – PowerPoint presentation that will be given at ACE as part of a platform session; typically 10 to 20 slides. This will receive a content review.

Outline Only – This is a brief summary document that outlines the contents of a poster or platform presentation and the related work. This will receive a content review.

Panel Session – This is a full session that requires abstract submittal only discussing the panel topic and list of presenters. An extended abstract may be prepared giving more information. This will receive a content review.

Platform with Technical Review – Platform presenters are assigned by the Program Committee to participate in a session with other authors presenting on a similar or related topic and are given 15-20 minutes to present their work, findings or case study to the audience, typically using PowerPoint slides. Platform presenters in this category are required to submit a manuscript or extended abstract, which will receive a technical review.

Platform with Content Review – Platform presenters are assigned by the Program Committee to participate in a session with other authors presenting on a similar or related topic and are given 15-20 minutes to present their work, findings or case study to the audience, typically using PowerPoint slides. Platform presenters in this category are required to submit their draft slide presentation or an Outline or brief document summarizing the contents of the presentation and the related work. This will receive a content review.

Poster with Technical Review – Poster presenters are assigned a poster board to mount their presentation and will be required to be present during the Poster session to discuss their work, findings or case study with attendees as they visit the various posters in the session. Poster presenters in this category are required to submit a manuscript or extended abstract, which will receive a technical review.

Poster with Content Review – Poster presenters are assigned a poster board to mount their presentation and will be required to be present during the Poster session to discuss their work, findings or case study with attendees as they visit the various posters in the session. Poster presenters in this category are required to submit an Outline or brief document summarizing the contents of the poster and the related work. This will receive a content review.

NOTE: Participants wishing to be included in the YP award program, and all student platform or student poster submittals must select a presentation format that receives a technical review.
